

Penn Valley Constructors, Inc.

Above: An interactive Product Information Center allows customers to browse interior and exterior options of the highly versatile Cadillac.

Faulkner Cadillac's new home, built in accordance with Cadillac's new Image Program, was built from the ground-up and includes a showroom, parts area and 15 service bays. The elegant and luxurious style of the Cadillac brand is reflected through a limestone paneled exterior and an entry way protected by a stainless steel framed glass canopy which leads into a modern showroom surrounded by distinctive glass enclosed office spaces and wood grain vinyl wallcoverings.

Penn Valley Constructors, Inc.

*A*n atmosphere of artistry can be seen on every turn at Faulkner Cadillac. Clockwise from above: a framed glass canopy welcomes visitors into the showroom; the main foyer displays a simple and contemporary decor; the Vehicle Care Center and glass enclosed office spaces which reflect a theme of bold lines and crisp intersections representative of a brand defined by the concepts of art and science..
